

Heavy Duty Oil Resistant Polyurethane Suction Hose

General Applications:

- · Material handling heavy duty abrasive
- Material chutes
- Oil suction heavy duty

Construction: Polyurethane tube with rigid PVC helix.

Service Temperature Range:

-40°F (-40°C) to +150°F (+65°C)*

Features and Advantages:

- Oil Resistant Polyurethane Tube Handles most fuels and oils. Excellent resistance to gasoline, diesel, ethanol, blends (up to E30) and biodiesels (up to B100).
- Abrasion Resistant Polyurethane Tube Solid polyurethane tube outlasts other materials when severe abrasion is a factor. Provides for longer hose life and lower operating costs versus rubber or PVC hoses.
- Transparent Construction "See-the-flow."
 Allows for visual confirmation of material flow.
- "Cold-Flex" Materials Hose remains flexible in sub-zero temperatures.
- Phthalate Free
